

700 MHz Wireless Trade-In Program

The Federal Communications Commission (FCC) has re-allocated the 700MHz frequency band (698-806MHz) for new public safety and commercial services. As of June 12, 2010, wireless systems operating in this range were banned from operation. In light of this FCC ruling, Nady Systems implemented a 700MHz wireless trade-in program to help users with units within this 700MHz frequency band upgrade to new equipment.

Trade-In Procedure:

This trade-in is intended for purchase of new Nady 600MHz or 900MHz systems to replace older 700MHz systems. Please follow the instructions below:

- 1 Print and sign the Trade-In Request Form.
- 2 Specify your choice of upgrade model for the trade-in. **For pricing, see Terms and Conditions on page 3.**
- 3 Send your Trade-In Request Form and qualifying trade-in 700MHz frequency band wireless system¹ to:

Nady Systems
